Re: SHOTS, etc.

Mr. Neilson called my attention to the fact that there was a building on the River Side of Easton Avenue about opposite the Valentine house, and in close proximity to De Russey's lane, which bore the appearance of having been there for some time, and requested that I interview the people residing there to ascertain if they had heard any shots on the night of the murder. From inquiry I have learned that this building at that time was occupied by Norman E. Tingle. He has already been interviewed and the information which he furnished is contained in report of Operative G. T. Purdy's under date of Oct. 29, 1926.

Mrs. Matilda Kalb, widow of Adam Kalb, is the present occupant of the house. She informed me that on the night of the murder she was residing over her bakery shop at the corner of Bristol and Easton Avenue; that after midnight on that night she heard the report of 4 shots, first two, a pause, and then two more. She is positive, however, that it was after midnight and said the sound came from the direction of De Russey's lane.

Respectfully submitted:

D. T.
